### **CAMPING AT THE AIRPORT**

Tenting by your tiedown on the airport is available. There is limited motorhome parking with electric hook-up for \$10/day. We request that running of air conditioners be minimized due to the limited power available. It is available on a first come basis. There are two restrooms and showers in the Club House that can be used for those staying at the field. We ask that you use the showers in the evening so that the club house is available for the contest staff in the morning.
